

Home Without a Mother.

The room's in disorder,
The cat's on the table,
The flower-stand upset, and the mischief
to pay;
And Johnny is screaming
As loud as he's able,
For nothing goes right when mamma's
away.
What a scene of discomfort and confusion
home would be if mamma did
not return. If your wife is slowly breaking
down, from a combination of domestic
cares and female disorders, make it
your business to restore her health.
Dr. Pierce's Favorite Prescription is
without a peer as a remedy for feeble and
debilitated women, and is the only medicine
for the class of maladies known as
female disease which is sold under a
positive guarantee from the manufac-
turers that it will give satisfaction, or
the money will be refunded. It is a
positive cure for the most complicated
cases of womb troubles.

As the result of long-continued experi-
ment, a method of manufacturing steel
has been discovered by means of which
its tensile strength is enormously in-
creased. The tensile strength of the
best tool steel is about 100,000 pounds,
and it is claimed that by means of this
new method a commercial steel can be
produced that will stand a test of 200,000
pounds, and this, too, without any ma-
terial addition to the cost.

The Danger Signal.

When nature raises the flag of distress
in the shape of sores, ulcers, boils,
pimples and blotches, the signal should
be promptly heeded. As cities threat-
ened with disease are disinfected, so
should the human system be treated.
No more powerful or more successful
disinfectant and purifier than S. S. S.
has ever been discovered. It has ac-
complished wonderful results, and there
are thousands of people in this country
to-day who regard the proprietors of S.
S. S. as benefactors. What it has already
accomplished it will continue to accom-
plish. It is already established as a
staple family medicine.

At a recent meeting of the British In-
stitute of Marine Engineers the subject
discussed was the application of zinc to
boilers for the purpose of preventing cor-
rosion. The impression was general
that zinc should be employed not only
in the water space, but also in the steam
space. It is found in practice that the
amount of zinc required for each square
foot of grate is in the neighborhood of
four or five pounds.

Electric Bitters.

This remedy is becoming so well known
and so popular as to need no special
mention. All who have used Electric
Bitters sing the same song of praise. A
purer medicine does not exist and it is
guaranteed to do all that is claimed.
Electric Bitters will cure all diseases of
the liver and kidneys, will remove pim-
ples, boils, salt rheum and other affec-
tions caused by impure blood. Will drive
malaria from the system and prevent as
well as cure all malarial fevers. For
cure of headache, constipation and indi-
gestion try Electric Bitters. Entire sat-
isfaction guaranteed, or money refunded.
Price 50 cents and \$1 per bottle at Sey-
bert & Co.'s drug store.

The new explosive called ammonite is
probably the most useful and reliable
yet made. It has great power, is free
from danger in manufacturing and in use,
and recent tests made with it in England
have resulted in the railroads taking it
for transportation without the usual re-
strictions pertaining to explosives. It is
not injured by exposure to the air and
will not decompose.

THE FIRST SYMPTOMS OF DEATH.

Tired feeling, dull headache, pains in
various parts of the body, sinking at the
pit of stomach, loss of appetite, feverish-
ness, pimples or sores, are all positive
evidence of poisoned blood. No matter
how it became poisoned it must be puri-
fied to avoid death. Dr. Acker's English
Blood Elixir has never failed to remove
scrofulous or syphilitic poisons. Sold
under positive guarantee.

Slips for the broadside docking of ves-
sels have been built at three of the
principal ports of France. By this
means vessels are to be hauled out of
the water without straining, and the
cost is less than by the ordinary means
of placing in a dry dock.

We have succeeded in securing the
agency for Begg's Little Giant Pills.
These pills are all the name implies;
powerful, yet so mild and pleasant that
no one feels any disagreeableness from
the effects of them. Only one pill a
dose, and forty pills in one package,
enough to last any ordinary family one
year. Price 25 cents. Sold by Hopkins
Brothers, Lynchburg, O.

Recent examinations have shown that
the amount of soot which falls in London
each month would require 1,000 horses
to cart it away.

Nothing makes a woman look so un-
sightly as a dark, greasy or yellow skin.
It is caused by constipation and diseased
liver and kidneys. One bottle of Begg's
Blood Purifier and Blood Maker will re-
move the cause, and two or three bottles
will effect a permanent cure, leaving the
skin clear and transparent. For sale by
Hopkins Brothers, Lynchburg, O.

most respected liquor dealers in Tiffin,
was arrested by United States Mar-
shal B. F. Wade and taken to Toledo
on a warrant sworn out by a deputy
collector, charging him with the of-
fense of failing to keep his license dis-
played in a conspicuous position.

CHAS. W. FRENCH, president of a
stone company at Mansfield, proposes a
plan for supplying Columbus and Cin-
cinnati with pure water from Lake
Erie. The idea is to tap the lake near
Sandusky and pump the water to the
vicinity of Shelby, the summit, from
whence gravity will do the rest. A
company with \$10,000 is said to be for-
ming to make the survey.

HOME-SEEKERS ORGANIZE

For the Purpose of Burning the Grass on
the Cherokee Strip to Prevent the Graz-
ing of Cattle by Indians.

All day Tuesday Caldwell, Kan., was
enveloped in a cloud of smoke coming
from the Cherokee strip. The action
of the administration in allowing the
Cherokees to hold cattle in the strip
has so incensed the home-seekers that
a meeting was called, and although it
was held with closed doors, it was
now known that it was for the pur-
pose of calling for volunteers to burn
every spear of grass in the Chero-
kee Strip. These volunteers took their
departure Monday night and scattered
in all directions, and the work of Tues-
day is only the beginning of what will
be done. The Cherokees have called
on the military to try and suppress the
incendiaries, but they are powerless.
There are not men enough on the regu-
lar police force to prevent the home-
seekers from accomplishing their ends.
These men know every part of the
strip, and a whole regiment
could not capture one boomer,
or convict him after he was
captured. The home-seekers are thor-
oughly organized, and their actions are
secret. They propose that as long as
they are kept out of the Strip no one
shall be benefited by it. A dispatch
has been received at Wichita, Kan.,
stating that U. S. Marshal Grimes, of
Oklahoma, has received special instruc-
tions from Washington to send a large
posse of deputies into the Cherokee
Strip with orders to arrest all persons
attempting to make settlements or burn
the grass.

More Bodies From the Ruins.
The number of bodies taken from
the ruins at Park Place, New York, on
Wednesday was increased to sixty-one.

The bodies recovered were in a horrible
condition. In some instances they were
alive with moving maggots, and the
stench was almost unbearable. The
mayor Wednesday afternoon appointed
a committee of prominent citizens to
receive subscriptions for the victims of
the disaster. At 1:30 o'clock Wednes-
day afternoon Acting Fire Chief Reilly
announced that the search for the dead
in the ruins was completed and no more
bodies remained there. Work was at
once stopped and the longshoremen
and other laborers employed in clearing
out the debris were discharged.

Amusement of Morocco's Sultan.
The elephant presented by the queen
of England to the sultan of Morocco is
being utilized by that potentate at Fez
in tramping the life out of the unfor-
tunate taken captive in the recent re-
bellion. The sultan is highly pleased
with this new mode of crushing his
enemies out of existence, and has a
new lot brought on every day. They
are laid in a row and the elephant is
made to step on them. One step is
said to be quite enough if applied in
the right place.

Result Certain, Cause in Doubt.

Oat Thompson, a young man living at
Clarksville, Fayette county, W. Va., com-
mitted suicide by shooting himself. He
claimed that he killed a man in Nich-
olas county, and said that he had but
a few hours to live, and went into a store
belonging to Amos Williams and pro-
cured a revolver, and shot himself. It
is also rumored that a woman refused
to marry him, and caused him to end
his life as above stated. It is thought
the latter is the true cause.

The Czar Fears the Jews' Vengeance.

The czar is surrounded with more re-
strictions than on previous visits to
Denmark. The reason for this is not
made public, but rumors are rife of fear
of nihilistic plottings. It is known to
the Russian police that many of the ex-
iled Jews swore vengeance against the
czar in person after they had got safely
beyond the frontier, and that these
threats were not passing expressions of
anger.

Desperation of Starving Russians.

The granting of permission to the
starving peasantry to use the imperial
forests has led to many burglaries and
depredations on the imperial farm,
the famishing people fighting, and in
some instances shedding blood over the
spoils.

A Prominent Jurist Dead.

Robert D. Ray, late chief-justice of
the supreme court of Missouri, died at
Carrollton, Mo., at 11 o'clock Wednes-
day morning. He was a victim of the
grippe. Judge Ray was born in Ken-
tucky in 1817, and went to Carrollton in
1839.

A Wonder Worker.

Mr. Frank Huffman, a young man of
Burlington, Ohio, states that he had
been under the care of two prominent
physicians, and used their treatment
until he was not able to get around.
They pronounced his case to be Con-
sumption and incurable. He was per-
suaded to try Dr. King's New Discovery
for Consumption, Coughs and Colds and
at that time was not able to walk across
the street without resting. He found,
before he had used half of a dollar bot-
tle, that he was much better; he con-
tinued to use it and is to-day enjoying
good health. If you have any Throat,
Lung or Chest Trouble try it. We guar-
antee satisfaction. Trial bottle free at

That Baby of Mine,

Auntie, three months ago had the salt
rheum so bad that his head was a mass
of sores, and I had begun to lose all
hopes of raising him, but my druggist
recommended Sulphur Bitters, and to-
day he is as fat and chipper as any baby
you ever saw, and he has not a sore on
his head, and just think that after pay-
ing out so much, that a few dollars
worth of Sulphur Bitters should cure
him.—Mrs. J. C. Hall, Boston, Mass.
